TECHNICAL SKILLS

Programming Languages: Java(basic), Python, C
Java Technologies: OOP, Exception Handling, JDBC
Web Technologies: HTML, CSS, JavaScript
Databases: MySQL, PostgreSQL
Tools & Platforms: Git, GitHub, Intellij IDE, Postgresql, VS Code
Concepts: Data Structures, DBMS, REST APIs, API Integration, SQL Injection Prevention, Authentication
Soft Skills: Communication, Teamwork, Problem Solving
Professional Skills: Project Management
Technical Skills: App Development, Web Development, Cybersecurity, AI

CERTIFICATIONS

NPTEL – Joy of Computing Using Python(12 weeks)

NPTEL – Cloud Computing(8 weeks)

NPTEL – DBMS(8 weeks)

Infosys Springboard – 19 Courses Completed

Cisco – 5 Certifications

HackerRank – 6 Skill Certifications

IBM – 2 Certifications

Oracle – 1 Certification

MongoDB – 2 Certifications

PROFESSIONAL SUMMARY

Aspiring app and web developer with a strong interest in cloud computing and cybersecurity. Skilled in Python and web technologies, with hands-on project experience and a proactive approach to learning. Committed to building secure, scalable, and user-friendly digital solutions. Experienced in developing secure backend applications using Java and PostgreSQL.

PROJECTS

Web Scan Pro |Python (Infosys internship project)

Developedautomatedwebvulnerability scanner.
Detected common vulnerabilities and generated security insights.
Implemented structured reporting system for analysis.

Database Activity Analytics & Automation | PostgreSQL, Python

Generated dashboard-based insights usingqueryanalytics.
Integrated SMTP email automationfor dailyreports.

Intelligent Chatbot System |Java,RESTAPIs

Developed API-integrated chatbot usingPythonbackend.
Integrated external REST APIs for dynamic response generation.

AI Credit Card Fraud Detection | Python, Scikit-learn

Developed Random Forestclassifier achieving96%accuracy.
Performed feature engineering and data preprocessing.

SmartContact Management System | Java, JDBC, PostgreSQL

Implemented CRUD operations using JDBC with PostgreSQL database.
Designed relational database schema for optimized data storage.

INTERNSHIPS

Infosys – Web Security Intern (3 Months)

- Worked on Web Scan Pro project for vulnerability assessment.
- Assisted in testing web applications for security flaws.

Intelizign – Java Development Intern (15 Days)

- Worked on Java-based API integration tasks.
- Implemented backend logic using Core Java.

MSME – UI/UX Intern (15 Days)

- Designeduser interface prototypes and workflows.

Education

Bachelor of Engineering in Computer Science
Dhaanish Ahmed College of Engineering, Padappai
Currently Pursuing – 3rd Year
